Intern guide — how to use the app

> Short guide — every button name comes from the real screen (open it again any time: 🖍️ **Personal Info** ▸ ⚙️ ▸ 📖 **Guide**)

1. 🏁 Start here

The top card is **you**: photo, name, points (**pts**), 🪙 Beri, level, and a bar showing how many internship days are left.

Button (top tool rail)	What it does
🗓️ **Schedule**	Your training calendar and goals. The number on the corner = items due **today**
🖍️ **Personal Info**	Your profile, internship dates, social handles · ⚙️ **Settings** top-right = privacy preferences, reload, and 📖 **Guide** (this page)
EN	Language — each tap cycles EN → KR → TH → K·T
🌊 **Flood watch**	River / flood risk near your training site

Do this first

1. Open 🖍️ **Personal Info** and set your **internship start / end dates** — the days-left bar and Schedule depend on them
2. Just open the app each day — **check-in is automatic** (the **Daily check-in** card under your profile shows it) and keeps your streak going
3. Tap ⋯ under the check-in card for monthly progress, certificate progress 🏅, your next level ✨ and the 🏆 **Leaderboard**

The page scrolls top to bottom: **Mission** (Quiz · Journal · Explore) → **DD Codex** → **History**. Tap a section's title bar to open or close it. The round **+** button (bottom right) is **Submit New**.

---

2. 📝 Quiz

Open **Mission** ▸ **Quiz**. Each card is one quiz with its **deadline** — the sooner the deadline, the sooner you should do it.

- 🔍 In the **Mission** title bar: find a quiz that is not on your list, or **request** one
- **ONE-TIME quizzes** — the first run is **Practice** (no points). When you finish, tap **Request Real Exam**; the admin allows it, then you retake it for real and it counts
- Quizzes that are due soon and not done yet are the ones you want to finish first

Daily Quiz Digest (LINE group) The bot posts a **Daily Quiz Digest** in the intern LINE group at **16:00**:

- ✅ **Done today** — what was submitted since yesterday
- ⏳ **Due soon** — quizzes still pending and when they close
- Tap **Open quizzes** to jump straight to the Quiz tab

---

3. 📓 Journal

Open **Mission** ▸ **Journal** and write your **daily reflection**: pick a **mood** (😊 😓 💪 🤔 …) then write what you did and learned. Thai or English — both are fine.

- **My Writing Profile** shows total words, active days, your streak, and your TH / EN balance
- The small number on the Journal tab = logs that already received an **admin bonus**
- Writing every day builds your 🔥 **streak** (shown on the History tab)

---

4. ➕ Submit New

The round **+** button (bottom right) is the one door for everything you hand in:

Type	Use it for
🩺 **Case**	A patient case you saw (HN, short note)
📄 **Work**	A piece of work — a title and a link
🔗 **Explore**	Suggest a link for the Explore tab
🗓️ **Event**	Invite your group to an event (title, date, place, join link)
⋯ **Drug · Disease · Product**	Add a Codex entry or a product listing

Everything you submit shows up in **History** with its status. Cases are also in **History** ▸ 🩺 ▸ 📊 **My Cases**.

---

5. 🏆 Points

pts = learning points. They set your level and your Leaderboard rank.

You get	pts
✅ Open the app once a day (automatic check-in)	+0.01
🔥 Every 7th day in a row	+0.05
📓 Submit a Journal	+0.1
🩺 Submit a Case	+0.1
🌅 Morning Quiz Bonus — first person each day to submit a regular quiz, 08:00–12:00	+0.1

You get	pts
📝 Scored quizzes	depends on the quiz (some need admin approval)
⭐ Admin bonus (good Journals / Cases)	admin's call

- **Level** goes up every 10 pts: LV.2 at 10 · LV.3 at 20 … LV.10 at 90. The next level is under ⋯
- 🏅 Certificate progress and the 🏆 Leaderboard are under ⋯ too

6. 🪙 Beri

Beri = collectible coins. Separate from pts (they do **not** count towards level or Leaderboard); you spend them in the shop.

You get	Beri
🧭 Open a link in **Explore** for the first time	the earlier you open it, the more (drops by 1 for each person)
✍️ A link review the admin approves	+1
🥇 🥈 🥉 First 3 to submit a quiz	10 · 6 · 4
⏱️ Submit a quiz ≥48 / ≥24 / ≥6 h before the deadline	5 · 3 · 1
⭐ Special gift from the admin	admin's call

- Quiz numbers are defaults; the admin can change or switch them off per quiz, and you get them when the admin approves the quiz
- Once you hold **more than 500 Beri**, the **Murthehelp** shop opens (and stays open even if your Beri drops)
- Your balance is the 🪙 under your name on the profile card

7. 💊 Codex

DD Codex — a shared library of 💊 **Drugs** and 🩺 **Diseases** written by interns and approved by the admin.

- Search and open an entry; some entries have files you can download in one tap
- Want to add one? **+** ▸ ⋯ ▸ **Drug / Disease**. Your submissions wait in 📝 **My Drafts** until approved

Explore (Mission ▸ Explore) — links picked by the admin (shops, videos…).

- Opening a link for the first time earns 🪙 **Beri** — the earlier you open it, the more you get
- Spend Beri in the Beri shop; write a short review on links you used
